

## 3M Versaflo Service Return Note

Flameskill Ltd (trading as UK Safety Products) is certified by 3M to carry out maintenance on the 3M Versaflo PAPR.

Regular and scheduled maintenance is essential for safe use of the equipment. In addition to pre-use and storage checks, check the apparatus on a monthly basis, and replace any defective parts. A qualified service and maintenance operator must perform a service on an annual basis.

To be completed and returned with 3M Versaflo Units
