

## Proflow 3 EX Service Return Note

Flameskill Ltd (trading as UK Safety Products) is certified to carry out maintenance on the Proflow 3 EX.

Regular and scheduled maintenance is essential for safe use of the equipment. In addition to pre-use and storage checks, check the apparatus on a monthly basis, and replace any defective parts. A qualified service and maintenance operator must perform a service on an annual basis.

To be completed and returned with Proflow 3 EX
